

PILOT LIGHTS $\phi 7.8 - \phi 10$ mm

MP-075/6/7

PVC Plastic push fit LED holder with lens

Cutout: $\phi 7.8$ mm

Colour: Red, Green or Yellow

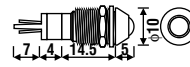

KRE105

Chrome plated LED indicators with built in resistor and Solder connections.

Cutout: $\phi 8$ mm

24V DC

Colours: Red, Green or Yellow

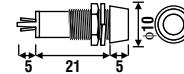

LD089SE

Chrome plated LED indicators with built in resistor and Solder connections.

Cutout: $\phi 8$ mm

24V DC, 10mA(Red), 24V DC, 15mA(Green & Yellow)

Colours: Super(Red, Green or Yellow)

LD089SI - 12B - R

(12 VAC/DC Red)

LD089SI - 220B

(220 VAC/DC Red, Green or Yellow)

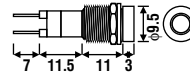

LD8014

Chrome plated led indicators with 2.8mm fast-on terminations. IP67.

Cutout: $\phi 8$ mm

24V DC

Colours: Red, Green or Yellow

LDSMLD-080 (2VDC)

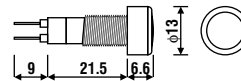

LDSMLD-24D

Chrome plated LED indicator with 2.8mm fast-on terminations & optical reflector lens. IP67.

Cutout: $\phi 8$ mm

20-28V DC

Colours: Red, Green, Orange, Blue or White

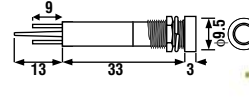

LD1950

Chrome plated led indicators with built in resistors and 2.8mm fast-on Industrial terminations.

Cutout: $\phi 8$ mm

130, 230V AC

Colours: Red, Green or Yellow

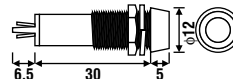

LD109SI

Chrome plated LED indicator with built in resistor and solder connections.

Cutout: $\phi 10$ mm

24V, 48V DC

Colours: Super(Red, Green or Yellow)

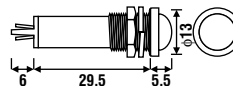

LD1011S

A plastic (ABS) LED indicator with built in resistor and solder connection. (Dome Lens with a chrome bezel).

Cutout: $\phi 10$ mm

24V DC

Colours: Super(Red, Green or Yellow)

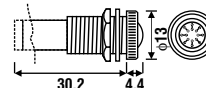

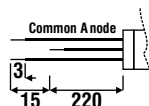

LD0813

Cutout: $\phi 10$ mm

24V DC

Colours: Red & Green(Bi-Colour)

Bi-Colour Multichip Indicators

SKGU....

Quick & economical snap-in mounting. Transparent housing. Super bright LED's. 2.8 mm fast-on industrial terminations.

Cutout: $\phi 10$ mm

230V AC

Colours: Red, Green or Yellow
