

SEMAPHORES

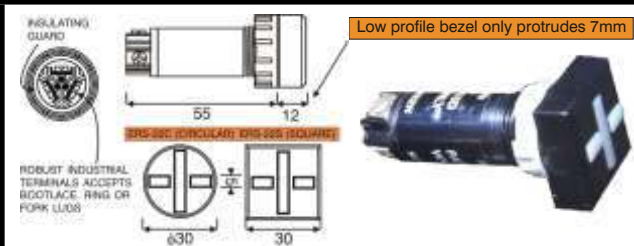

ADDA ERS-22

Cutout: 22mm
 24, 32, 60, 110 & 220V DC Only
 Direct connect
 Colours: Red (Large bar),
 Deep Green (Side bars). Other colours on special order

"Top of the range" semaphore.
 Large bright, even bars with particularly
 Good green (Blue - Green).

ADDA ERS-22-LP

New low profile bezel matches with the
 CHINT low profile pilot light range.

ADDA MSR22

Cutout: 22mm
 24, 32VDC, 17mA
 Colours: Red & Green

NON-STOCK
 SERVICE ITEM ONLY

ADDA MSR22A

Cutout: 22mm
 24, 32VDC, 17mA
 Colours: Red & Green

(Other voltages are available when using external DIN terminals fitted with a resistor).

SAKRR1

110VDC-2 RESISTOR TERMINALS

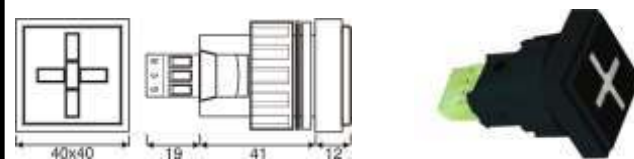

SAKRR2

220DC-3 RESISTOR TERMINALS

ADDA KP33

Cutout: 30mm
 24, 32VDC, 17mA
 Colours: Red & Green
 (Other voltages are available when using external DIN terminals fitted with a resistor).
 110VDC-2 RESISTOR TERMINALS / 220DC-3 RESISTOR TERMINALS

MECHANICAL SEMAPHORES

JAV041/042

Cutout: 41mm

Attracted armature design.
 Continuously rated coils.
 Compact, dust proof molded case
 High operating torque
 Low power consumption

Rated Voltage: 24/30VDC
 (Use external resistor for other
 Voltages)
 48VDC-1K,5W & 220VDC-
 9K, 10W 110VDC-3K,5W

Semaphore indicator is available in two versions
 JAV 041 is used for circuit breakers and has a
 bezel diameter of 63mm, type JAV 042 is used
 For isolators & Earth switches and has a bezel
 Diameter of 48mm.
