

## 100 SERIES

The 100 series meters feature a separate snap in bezel and window assembly which has a durable, gloss finish. This range offers users a low cost selection of panel meters for applications where space and high accuracy are primary considerations.

DC Voltmeter - Digital Hold  
**DPM 116**

3½ digit LCD with low battery warning  
Logic selectable decimal points  
Digital hold  
Auto zero, auto polarity  
SIL connection  
Bezel 48x24mm  
Cut-out 45x22.2mm

DC Voltmeter  
**DPM 125**

3½ digit LCD with low battery warning  
Logic selectable decimal points  
Auto zero, auto polarity  
SIL connection  
Bezel 48x24mm  
Cut-out 45x22.2mm

LED backlit version **DPM 125-BL**

DC Voltmeter  
**DPM 160**

4½ digit LCD with low battery warning  
Programmable decimal points  
Auto zero, auto polarity  
Digital hold  
Autoranging outputs  
SIL connection  
Bezel 60x30mm  
Cut-out 57x27mm

Single rail version **DPM 160S**

DC Voltmeter - Annunciators  
**DPM 400**

3½ digit LCD with annunciators  
Low battery warning  
Programmable decimal points  
Auto zero, auto polarity  
DIL connection  
Bezel 48x24mm  
Cut-out 45x22.2mm

DC Voltmeter - Annunciators  
**DPM 500**

3½ digit LCD with annunciators  
Low battery warning  
Programmable decimal points  
Auto zero, auto polarity  
DIL connection  
Bezel 60x30mm  
Cut-out 57x27mm

Single rail, backlit version **DPM 500S-BL**

DC Voltmeter - Large Display  
**DPM 2000**

3½ digit LCD with annunciators  
Low battery warning  
Programmable decimal points  
Auto zero, auto polarity  
DIL connection  
Bezel 72x36mm  
Cut-out 68x33mm

Single rail version **DPM 2000S**
