

10 SERIES

A series of digital panel meters with a one-piece, snap-in design, making installation a quick and easy procedure. Each meter has a large display in a miniature housing. All are backlit or use LED displays.

DC Voltmeter
DPM 1AS-BL

3½ digit LCD
5.5mm (0.22") digit height
LED backlighting
3.0 to 7.5V or 6.0 to 15.0V supply option
Programmable decimal points
200mV full scale reading
Auto zero, auto polarity
SIL connection
Bezel 30x14mm
Cut-out 28.4x11.4mm

DC Voltmeter
DPM 2AS-BL

3½ digit LCD
8.25mm (0.32") digit height
LED backlighting
3.0 to 7.5V or 6.0 to 15.0V supply option
Programmable decimal points
200mV full scale reading
Auto zero, auto polarity
SIL connection
Bezel 35x17mm
Cut-out 33x15mm

DC Voltmeter
DPM 3AS-BL

3½ digit LCD
11.0mm (0.43") digit height
LED backlighting
3.0 to 7.5V or 6.0 to 15.0V supply option
Programmable decimal points
200mV full scale reading
Auto zero, auto polarity
SIL connection
Bezel 40x20mm
Cut-out 38x18mm

DC Voltmeter
DPM 340

3½ digit LED
7.6mm (0.30") digit height
Programmable decimal points
200mV full scale reading
Auto zero, auto polarity
SIL connection
Bezel 40x20mm
Cut-out 38x18mm

4-20mA Loop Powered Meter
DPM 342

3½ digit LCD
11.0mm (0.43") digit height
LED backlighting (loop powered)
Programmable decimal points
Wide adjustment range
Auto polarity on display
Screw terminal connection
Bezel 40x20mm
Cut-out 38x18mm
